

**Softpower Business Solutions integrates with eVision's interactive mediaCAT® solution.**

**Casper, WY, March 30, 2006** – The eVision Technologies Group, a market leader in digital media asset management and database publishing software solutions for Original Equipment Manufacturers with single or multiple franchise sales and service distribution networks, announced today that Softpower Business Solutions has chosen to integrate its Dealer Business Management System with eVision's mediaCAT® for use by Softpower Business Solutions customers. mediaCAT® is eVision's CD-ROM based interactive sales, service and parts catalog.

"I am very impressed with the maturity and stability of the Stihl mediaCAT® Service Communications System. The interface specifications are truly elegant and offer all kinds of possibilities for a very user friendly interface I am sure dealers will appreciate. Softpower will release the mediaCAT® interface by late 3rd quarter 2006 and it will be offered in our new Windows release Softpower.NET" states Bob Senger, President of Softpower Business Solutions.

"We distribute our mediaCAT® Service Communications System to thousands of dealers in the United States on a quarterly basis" observes Randy Scully, Product Service Manager for Stihl, U.S. "Interfacing our mediaCAT® solution to 3rd party software systems has been a frequent request from our dealer network. We are pleased that Softpower Business Solutions and eVision Technologies are able to provide the features requested by our dealer network, and do so in a professional and responsive manner."

About Softpower Business Solutions

Softpower Business Solutions is a technology company dedicated to providing quality business management software for Outdoor Power Equipment, Power Sports, and Marine Dealers as well as small distributors.

Softpower Business Solutions opens doors to every part of the business. With features such as Point of Sale, Purchasing, Accounts Receivable, Inventory Management, Serialized Inventory, Shop Management, and Backorder Control, Softpower Business Solutions will save time and money by not having to rummage through file cabinets to search for a particular piece of information.
